MyZuzah Moments - April 14, 2022

This week, we added a fourth partner to our domestic violence support program, the Organization for the Resolution of Agunot (ORA).In the coming months we will be collaborating with the NJHSA to develop optional programming for recipients of this program to further help them rebuild their physical and spiritual homes– so stay tuned!

Partner Organization Updates:

Of our many partners in Europe who are now also tending to the needs of refugees from Ukraine, **Rabbiner Aaron Bachkala** of the **Israelitische Kultusgemeinde** in **Rottweil, Germany** is used to catering to the Russian-speaking needs of the many community members who arrived after the fall of the Iron Curtain. Now, with Ukrainian Jews descending and the tensions between those populations still present, he is focusing everyone's attention on the upcoming holidays and all the things that bind them together, including mezuzot!

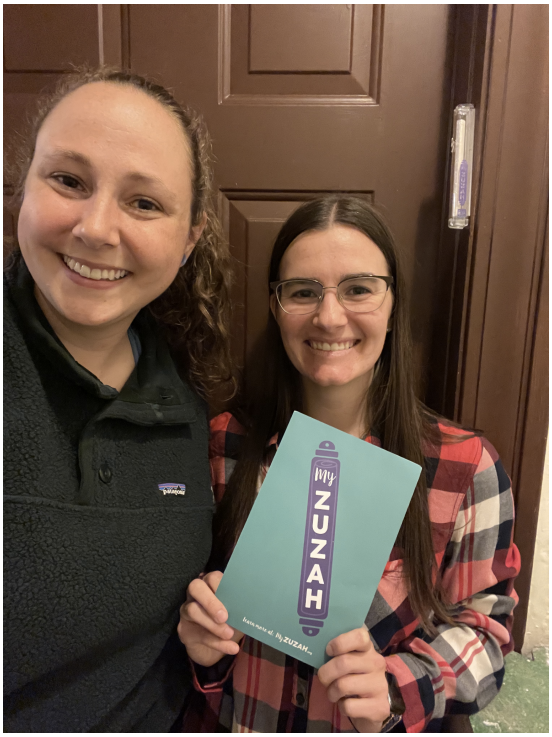

The rabbinic team at **18Doors** hosted some really impactful dedications this week, as shared by one of their recipients in **Astoria, Queens**:

The house feels more complete now that we have a nice size mezuzah hanging on the front door. We came to MyZuzah through 18 Doors and are so grateful for the opportunity to hang a mezuzah in our home. Rabbi April did an amazing job and it was so nice to feel seen and have such a special moment with my non-Jewish partner. Thank you so much! Kristina Lally

And far off in **Guam,** a Jewish soldier received a mezuzah from one of our traveling partners!

Individual recipient messages:

A woman who received one of our mezuzahs last year, during a very difficult time in her life, reached back out to share that her mezuzah has significantly improved her outlook and situation! After losing her home and dealing with cancer, she was happy to report that she is in a much happier place and that *"the mezuzah is still doing its job!"*

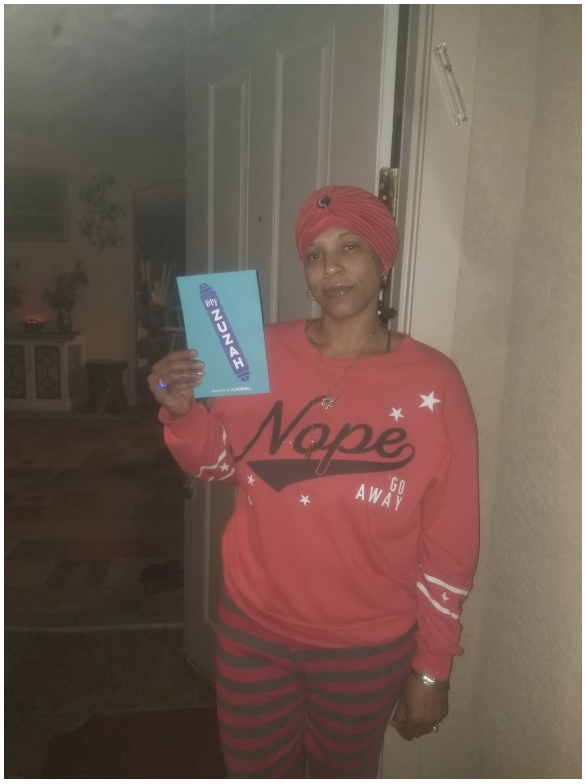

I'm so happy you have installed this program throughout the US. We appreciate you from the BOTTOM Of OUR HEARTS. All the Jewish people & those of the Nation Support & Salute you and What You Do. Happy holidays!
Esther Neufeld, **Franklin Square, NY**

One of the ladies from the Chabad of Goodyear told us about the organization. And then somehow I got missed in the process of asking for the mezuzah. However after several new friends and a journey to Phoenix. I have my mezuzah and my home is blessed with love. Tawnte Jackson, **El Mirage, AZ**

Y'all are just fine – only blessings from me! Deshawn Hall, **Madison Heights, VA**

My sister picked my mezuzah from one of the partners of the organization and now my home is blessed. Thank you! Danielle Jackson, **Avondale, AZ**
