

MyZuzah Moments - April 20, 2023

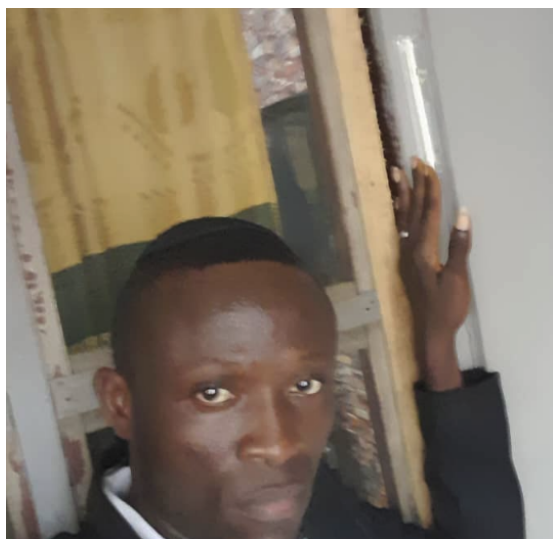

Our mezuzahs spent **277 collective days in transit** last month, traversing **76,703 miles** to their varied destinations.

This Sunday, we will be concluding our regional tour with local **PJ Library** connectors as we host the third mezuzah event for children and their families in the **DC-MD-VA** area. Next on the itinerary...Florida!

Partner Updates:

Through our partnership with **Kulanu**, our reach across the Jewish communities of **Ghana** continues to expand! Here we have the head of the community in **Accra** with his mezuzah, and another family who expressed their great longing for a kosher mezuzah:

For several decades I have sought a day I can put mezuzah at my door post and share mezuzot with Jewish communities in Ghana, and I am able to fulfill that this year with partner communities in Ghana..thanks to MyZuzah who made it possible...we are grateful!

Down under, Rabbi Yehuda Niasoff drove across **Sydney, Australia** to perform a bris and then presented the family with a mezuzah for their home. An American couple who moved to Australia, they were very happy to keep with tradition so far from the rest of their family.

Individual Stories:

Arin Kerstein, **Washington, DC**

Thank you for all you do with this program! Seriously from the bottom of my heart as a newly practicing Jew I could not have done it without you :)

Tina Holland, **Knoxville, TN**

Our house reno is done! Barukh Hashem! May G_D's ring camera guard my home from evil. Patti Argosf,
Lewisburg, PA

Liz Boehme, **Austin TX**
