

MyZuzah Moments - August 15, 2024

Tomorrow afternoon, MyZuzah and **OneTable** are launching our first national collaboration, timed to coincide with Parshat Vaetchanan, one of the portions of the Torah when the Shema and mezuzah are mentioned. **OneTable is offering up to 100 mezuzahs for their hosts** (the individuals who organize Friday night meals in their own homes and open them to guests) the opportunity to enhance their own Jewish home with a mezuzah, and demonstrate another Jewish value in action to their own community.

Partner Updates:

After a break from summer in Israel, these Israeli teens from **Camp Shalom**, outside **Toronto**, are on their way back home with a permanent reminder of their time with Canadian friends. We'll be facilitating a group dedication over Zoom next month, strengthening the transatlantic bonds between the two groups and their unity through shared identity, experience, and values.

In the Russian-speaking world, **Olami** and **Russian American Jewish Experience**, or **RAJE**, have partnered to expand their existing MyZuzah work of engaging Jews of Russian heritage, in the U.S., Russia, and Israel. In **Moscow**, **50 mezuzot** have been affixed by Jewish teens and their families this year, with **another 50** imminently intended for Russian Jewish teens in **Israel** and **Russia**.

Magen David Sephardic Congregation, in **Bethesda, MD**, hosted a shabbaton for local members of the military, which attracted over 100 people, including many uniformed members of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and the IDF. Demonstrating our partnership with JWB and Jewish military chaplains around the world, MyZuzah had a presence to support the event and offer more mezuzahs to those who serve!

Recipient Pictures and Stories:

Thank you for the mezuzah, and all that you do! Rebecca Rassmussen, **Morrow Bay, CA**
