

MyZuzah Moments - December 6, 2024

Over the next few months, MyZuzah will travel to multiple conferences to expand the impact of our educational programs, going beyond using the **act of putting up a mezuzah** to **using the full potential of hands-on learning** about all aspects of the mezuzah for young children, teens, and young adults. It is an exciting application of the many resources we have developed with and for our partners!

Partner Updates:

The **Conference of European Rabbis** distributed another 50 mezuzot to communities across **Germany, Austria, and Sweden**.

The team at **Base Denver** put up this happy person's mezuzah just in time for the start of ski season!

Congregation Beth Tikvah, in **Toronto, Canada**, is hosting radio personality Dahlia Kurtz next week for an event to mobilize Jews and allies to stand together against antisemitism. They will be distributing **100 of our yellow ribbon solidarity mezuzahs** so that allies can show their support of our community!

Individual Recipient Stories:

George Levy Mueller, of **Elmhurst, IL**, is a survivor of the holocaust who lived his entire adult life without a mezuzah on his door. Still, he inspired his daughter to be proud of her Jewish identity, and she recently received a mezuzah from MyZuzah. He was so proud of her action, that he decided it was time for him to join her with his own mezuzah!

I love that I can say the blessing with focus and intention. I'm feeling the Mezuzah protect my house.
