

MyZuzah Moments - February 11, 2022

Our shipping numbers are in from January! To deliver mezuzahs to our partners and individuals last month, our mezuzahs journeyed over **54,868 miles** through the United States – and even further overseas!

The team has been very busy planning for next week's launch of **MyZuzah Connect**, our CRM/database, as we will be hosting partner trainings and office hours to bring everyone up to speed on our new processes and resources. We are also responding to requests from partners to set up lots of planning meetings and assist with their spring mezuzah programs, including **BBYO's International Convention** in Baltimore. If anyone needs turkey feathers to practice making quills, we have plenty :-)

Partner Organization Updates:

One of our Israel-based partners, Adiel Boaron, had another shofar-led dedication for the Malka Family, in **Ma'alot-Tarshisha, Israel**. [Click here to watch the video!](#)

Rabbi Braham David, one of the Rukin Rabbinic Fellows working with the **18Doors** community, shared this picture of Hannah Ballantine of **Amherst, MA** and her partner and their new mezuzah:

Chabad at Vanderbilt University in **Nashville, TN** is working their way through a batch of 50 mezuzahs we recently provided:

Josh Weingarten

Aaron Hakimi

Ari Sasson

Last, but certainly not least, a new partner in **South Florida** has the ambitious goal of putting up 240 mezuzahs before Purim! Yosef Gershon, a pro tennis player who also has a passion for mezuzot, shared his first pictures:
