MyZuzah Moments - February 25, 2022

Last Sunday, Alex was welcomed by **BBYO to their International Convention in Baltimore**, where MyZuzah was featured in a prime location to teach the teens about mezuzahs, safrut, and our program. We met young adults from around the world, including a number from **Ukraine**, **Georgia**, and the **Baltics**, and connected with BBYO volunteers and staff from **around the U.S.** We look forward to pairing up for more large-scale and local programming. These two pictures are of our display table, and a trio of teens trying their hand writing with real quills and ink! Not as easy as it looks :-)

We also shipped another bulk parcel of mezuzot and materials to our partners at the **Conference of European Rabbis**, based in **Munich**. They will distribute the mezuzot to communities in need throughout **Europe** and **Russia**, and when we finally convene at the twice-postponed gathering in May, I look forward to hearing firsthand about the impact.

Partner Organization Updates:

Our newest partner is the **Jewish Uniformed Service Association of Maryland (JUSA)**, which provides mezuzot and support to Jewish law enforcement, military, and veterans.
