

MyZuzah Moments - January 12, 2024

MyZuzah loves it when our partners take the inspiration we offer and use their own initiative to develop great programs to engage and build relationships with their communities. Today we spotlight three enthusiastic partners who use mezuzot in different ways to spark connections for the Jews in their areas.

Partner Updates:

@ldorvdorjudaica has a Top Nine for 2023!! It's been an incredible year and we've had growth and we can't wait for more growth in 2024! We will wrap up some of the things we've been able to accomplish this year in the next couple of days, but wanted to share our Top Nine now. It's full of partnerships (@myzuzahorg), rehoming to our amazing #jewishcommunity, donation drives, unique finds, sharing ideas, and what we are all about: passing tradition and #jewishjoy on from genera... YJP New York, a Jewish professional networking organization in **Manhattan**, is welcoming their new cohort of members with an initiation package that includes a MyZuzah mezuzah and co-branded instruction card, to help keep Jewish values at the heart of their business.

Momentum participants in **Boca Raton, FL**, will be treated to an evening of resin mezuzah case making and Jewish discussion, in partnership with the **Boca Raton Jewish Experience**, based at the Boca Raton Synagogue (BRS), and others. We hope this event kicks off a wider presence that MyZuzah can have both in South Florida and within the Momentum community!

Individual Stories:

I learned about you from a friend in Florida and I've been in need of a kosher scroll for years since I discovered my little mezuzah at home had a paper scroll. This was a wonderful experience!
Zachary Austin, **Littleton, CO**

I heard about MyZuzah on Facebook from PJ library. Growing up in a pretty non-religious home, I enjoyed learning about the significance and history of having a mezuzah in your home. I feel more connected to my Judaism. Heather Antos, **Summerville, SC**

My brother sent us to MyZuzah. Learning more about the origins and traditions involved here was the most exciting part. We feel our home is officially initiated now. David Belenko, Alpharetta, GA

I recently became much more connected to my Judaism and Jewish heritage due to the wave of antisemitism that our people have been facing recently. I found MyZuzah when searching the internet for a high quality, kosher mezuzah. Since putting the mezuzah up I've felt much more connected to my Judaism and I've even found myself in a better mood more frequently in the morning after leaving for work and in the evening when coming home. Thank you, MyZuzah! Siggie Winters, Waynesboro, PA

I found out about MyZuzah on Facebook after someone suggested it when I mentioned how I could not afford a kosher mezuzah. The most exciting part was putting the mezuzah up and reciting the prayer! I'm the first of my grandmother's grandchildren to return to my Jewish roots so It feels like a big step for me. I feel sort of like my home is complete and more Jewish! Lillian Zamora, Lanett, AL
