

MyZuzah Moments - January 28, 2022

We were privileged to be invited this week to contribute to two Zoom programs by partners, **Svivah** and the DC-area **PJ Library Ambassadors**– which together drew over 100 participants! In two weeks, we will be setting up shop at the BBYO International Convention in Baltimore to run a learning workshop, inspiring **thousands of teens** and potential partners. From there, we head to the **Conference of European Rabbis** convening in Munich– and afterwards, who knows? Even though mezuzahs are meant to stay in place, our team is ready to go anywhere that we can build partnerships and engage people through the power of mezuzahs.

Partner Organization Updates:

The **PJ Library Ambassadors** in **DC, Maryland, and Virginia** continued their annual inclusion of a mezuzah-themed goody bag for families, and Alex hosted a fun show-and-tell of decorated mezuzah cases and a little learning about writing with ink and turkey feathers, just like a sofer!

18Doors is back in the news this week with some lovely recipient messages:

Rabbi Steven helped and it was really lovely– he walked me through the blessings. I wanted it to feel special, being my first mezuzah, so I actually ended up making my own case. I used the scroll that you sent me of course and so your scroll is in my case. Thank you for this gift, I love seeing it every day and hope it is bringing blessings to my home! Leigh Goldsmith, **Chicago, IL**

*I heard about you through 18Doors. The process was much more meaningful and special than I had anticipated. I can't wait until my kids are old enough to understand fully the reasons why we hang them! We will be able to look at it and remember every time we walk in and out now! Thank you so much!!! Such a great organization!!! Samantha Newman, **Wooster, OH***

Individual recipient messages:

*After putting up the MyZuzah mezuzah, we found some old mezuzahs and are going to donate them to a family in our community. Thank you! Binyamin Goldenberg, **Manhattan, NY***

*I was inspired to put my mezuzah up on my door to help make it a safe and sanctified space. To me, it shows that I now have a protected space in my home. This mezuzah will represent yet another space in my life where the Divine Presence will dwell, and continue to bring my family comfort. Sharon Diamondstein, **Highland Park, NJ***
