

MyZuzah Moments - July 19, 2024

While everyone is taking their summer break, the MyZuzah team is hard at work planning with current and new partners for programs in the coming months! We have had great discussions with the **Israeli American Council**, **OneTable**, **PJ Library**, the **Association of Reform Jewish Educators**, local **Jewish Federations**, **campus organizations**, and more, to roll out exciting and tailored MyZuzah programs with all of them.

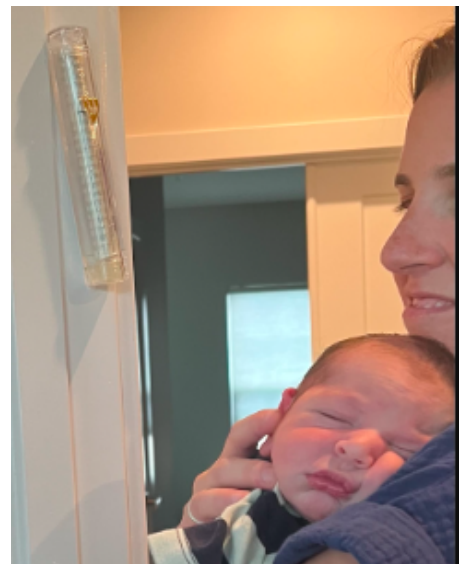

Partner Updates:

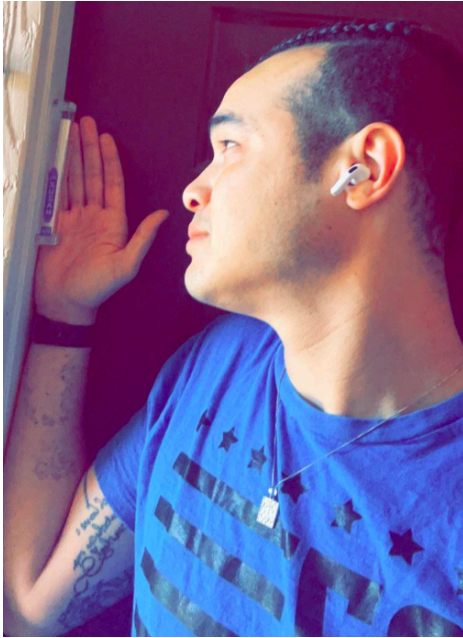

Last weekend, **Honeymoon Israel** hosted a get-together for their **Los Angeles-area** couples preparing to visit Israel later this year. Part of the program included some learning about mezuzahs, and then each couple created their own stone mosaic case (what a metaphor for blended families!) to put up at home.

And speaking of families, one of our roving mezuzah mohels in **Baltimore, MD**, **Rabbi Moshe Rapoport**, shared a mezuzah with the Pozanek family after their son's bris.

Thank you so much! We put up this mezzuzah for our newborn son.

Out in **Denver, CO**, the local **Olami** team connected with these two young professionals, one of whom shared this message:

A friend from Olami recommended MyZuzah and I thought it was such a great idea! It's important now more than ever to be proud that we are Jewish and placing a mezuzah is not only a mitzvah but also shows the world we are not afraid of who we are. Thank you for my new mezuzah!

Recipient Messages:

Michael Goldberg, **Waco, TX**

Audra Bjerke, **San Antonio, TX**

Stephanie Neidich, **Marine Corps Air Station Iwakuni, Japan**

*I don't remember how I found out about your group. I'm hoping with the MyZuzzah on the door it will bring good vibes, luck to anyone that enters the house. Teri Bloomberg **Phoenix, AZ***
