

MyZuzah Moments - June 16, 2023

We mailed mezuzahs to **27 states** last month, traversing **37,052 miles**– and did I mention that our first mezuzah landed in **Cambodia**? MyZuzah's team of **Virtual Dedication Facilitators** will be helping to put it up over Zoom shortly.

Speaking of Zoom, last night Alex hosted a **Virtual Dedication** with three vastly different Jews in very different places– a Latina Jew in Texas, a newly converted Black Jew in Chicago, and a nonbinary Jew in California. Each of them came to us with a different reason for requesting a mezuzah, and it was wonderful to join them together in our MyZuzah community!

Partner Updates:

In **Buenos Aires, Argentina**, we received a request for 100 more mezuzahs to distribute among the young professional community, with the help of **ISEJ** (The International Center for Young Jews).

To the north in **Brazil**, a new partner, **UNIVRI** (União Israelita do Vale da Região do Itajaí), or “Jewish Union of the Itajaí Valley”), is a small and new Reform community located in the southern state Santa Catarina, in the city of **Balneário Camboriú**. They are working on programs to bring their dispersed Jewish community of around 1,000 families closer together, and they'll be using our mezuzahs to help with the work!

Individual Stories:

Morgan Novak, **Riverside, CA**

*I always heard about the importance of the mezuzah and wanted one for our home. Since placing it at my doorframe I feel protected by my love of God and His promises. Thank you! Deborah Hinkle, **Chesterfield, IN***

Michael Finkelstein, **Fair Lawn, NJ**

Mauria Atzil, **San Antonio, TX**

What a wonderful experience! Thank you!
