

MyZuzah Moments - June 9, 2023

In case you missed it, we received a great shout-out in [Wednesday's edition of EJewishPhilanthropy](#), sharing our milestone achievement of placing **10,000 mezuzahs**. Not to rest on our laurels, this week we also mailed out a mezuzah to our **68th country—Cambodia!**

Alex attended the [SRE Network Convening](#) in **New York**, where our purple quill pens were the hottest item in town! He heard from many of the attendees how important they found our work, particularly with the **domestic abuse victim/survivor community**, and we look forward to building even more impactful partnerships within the Network over the coming months.

Our friend **Becky Tahel Bordo** kicked off the Israeli summer screening and discussion tour of her film, [American Birthright](#), with JLTv and [Rav Doniel Katz](#), to a full crowd in Tel Aviv on Wednesday night. Becky is serving as an ambassador for MyZuzah, helping to connect us with new partners and supporters as we build up our presence in Israel.

Partner Updates:

Back in **Tblisi, Georgia**, the **Olami** team placed another mezuzah as they prepared for their first ever community summer camp!

Jaime Davies, of **Marietta, GA**, received a mezuzah as part of her participation in the **Jewish Women's Connection**– their whole group was excited to share in the dedication!

Individual Stories:

*It's on my door of my new apartment – being a lonely Jew up north, this really makes me happy!
Thank you very much and good luck with your program!* Sarah Schiffer, **Freeport, ME**

Daniel Mancuso, **Orlando, FL**

I've had a series of bad luck lately and I'm hoping that with the mezuzah, only good energy comes into my home. Mariana Franzetti, **Las Vegas, NV**
