

## MyZuzah Moments - March 22, 2024

Another week, another milestone! MyZuzah has now provided mezuzahs to **16,000 individuals worldwide**, between our partner work and direct engagement with individuals. After a bit of a delay getting our hands on klafim from Israel, we're shipping lots of back orders, and we look forward to sharing many exciting stories from these recent requests.

### Partner Updates:

At **Mishkan** in **Chicago**, Rabbi Steven Philp led a "reconnect with your Judaism" that inspired several participants to take the actionable step of requesting and putting up a mezuzah. One of the people below says she is even kissing it every day!

Down in the Big Easy (**New Orleans, LA**), these **Moishe House** residents marked their communal home with a new mezuzah:

While French is spoken in New Orleans, I doubt that they were the ones who shared news about MyZuzah with another **Moishe House** community member in **Paris, France**. He had this to say:

*My surprise has already been to receive the mezuzah very quickly (because I live in France). I heard about MyZuzah from friends who are members of the Moishe House. I live in a neighborhood where very few Jews live and I was very proud to fix my mezuzah and show that there is still a Jewish presence in this neighborhood and in this city. Arthur Taillander*

### Individual Stories:

*Amazing, thank you so much for everything you do!*  
Daniel Tepper, **Burbank, CA**

Rachel Borman,  
**Washington, DC**

Paula Allen,  
**Topanga, CA**

Jesse LeFranc, **Murray, UT**
