

MyZuzah Moments - March 27, 2025

In front of a crowd of 50 donors, partners, and friends, we helped kick off the **Jewish Funders Network** conference in Nashville with a VIP reception on Sunday, with remarks from our founder

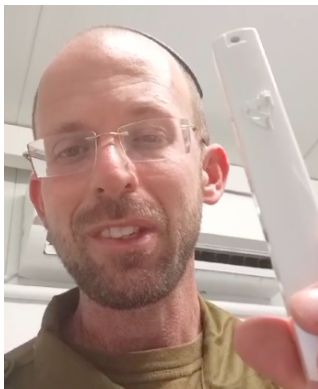

Manette Mayberg and our special guest and partner, **Patricia Heaton**. Each guest was treated to a lovely spread of food, special solidarity mezuzahs to bring home and present to an ally, and words from Manette and Patricia about how we came together to

build bridges between communities and inspire a groundswell of support for Jews proudly and safely being Jewish. Our CEO, **Rachel Berezin**, was present throughout the entire conference and spent lots of time making new friends and connections that our team is excited to build on!

Partner Updates:

This week in Israel we provided mezuzot to the commanders of **Division 162**, of the **Armored Corps** (including the brigadier general), who are now leading the new offensive back into Gaza. **Rabbi Yosef Levine**, who is attached to the unit, shared [this video message](#) with us.

We also put up mezuzot on the new sleeping quarters for **Chativat Binyamin**, at **Neve Yair**. [Click to watch the first one being installed!](#)

In the coming week, we will be putting up more mezuzot with the soldiers stationed at **Kfar Azza**, as well as a mezuzah for the released hostage **Or Levi**, who will be moving into his new home before Pesach.

The **Zucker Jewish Academy in Las Vegas, NV** now has a full complement of new mezuzot, after purchasing them from MyZuzah. [Click to watch the staff mounting the “real security system” on their security door.](#)
