

MyZuzah Moments - November 15, 2024

Up at **Cornell University** in **Ithaca, NY**, MyZuzah joined musician **John Ondrasik** for an evening to [share his message](#) about standing with the Jewish people and Israel. Check out the [video](#) of his performance, and our closing call to action! We met with faculty, students, Hillel, and community members, distributing kosher and solidarity mezuzot to make a visible difference on campus! Below, a [Solidarity Mezuzah](#) on a fraternity house, and a kosher mezuzah at the Center for Jewish Living.

Partner Updates:

In **Los Angeles, CA**, the **Chabad of Westwood** and **Chabad at UCLA** have been blanketing homes with mezuzot, helping the Jews stand proudly against the protests across the region.

The **União Israelita do Vale da Região do Itajaí**, a Reform synagogue in **Santa Catarina, Brazil**, shared photos of more of the mezuzot they have distributed in their community:

Individual Recipient Stories:

*Since October 7th, it has felt increasingly important for me to express my Jewish identity proudly. Having a mezuzah has become even more significant, as it provides a sense of protection and connection to our community during these times. I learned about MyZuzah from my local Chabad when inquiring about kosher mezuzah scrolls. They recommended MyZuzah, and offered to help me go through the steps of affixing it. Having installed my mezuzah on my door, I sense a deeper connection to the Jewish community. Moreover, I believe it encourages other Jewish individuals to maintain or affix their own mezuzahs, fostering a sense of comfort and solidarity within our community. *I learned about you from an email I received from the Apeloig Collection. I am so happy to have the mezuzah on my door. I feel more connected and protected. Mirit Teifeld, **Hallandale Beach, FL***

*You all are doing holy work! Yasmin Edison, **Huntington, UK***
