MyZuzah Moments - October 20, 2022

Another **100 mezuzahs** hit the mail this morning, for members of the military and military veterans in New York, survivors of domestic abuse in Chicago, and many others. Our team is mapping out our supply against the ever-growing demand, to always ensure that we have sufficient mezuzahs for every doorpost in need. We are planning for three upcoming events with **DC, Maryland**, and **Virginia**-area **PJ Library communities**, and we look forward to welcoming back this fall's cohorts of **Honeymoon Israel** participants with some very special mezuzahs.

Partner Updates:

Chabad at SUNY Buffalo spent the last week helping students and members of the community in **Buffalo, NY** make their homes more permanent:

Up in **Rochester, NY**, these two women were very happy to receive mezuzot from our partner at the **University of Rochester Hillel**:

The team at **18 Doors** has developed a virtual dedication program similar to what we offer– with great results!

We really enjoyed our virtual ceremony with the Rabbi. Thank you for everything!
Honey Massey, **North Kingston, RI**
