

MyZuzah Moments - September 13, 2024

As we have ramped up preparations and programming with our partners this fall, our shipments traveled **111,754 miles** in August. That's halfway between Earth and the Moon!

Partner Updates:

In **Toowoomba, Australia**, Rabbi Yehuda Niasoff of **Sydney's Central Synagogue** performed a bris for the child of local cotton farmers Jaime and Caroline Rother, and then put up a mezuzah on the home of the baby's grandparents:

Look what just arrived!

A brand new shipment of beautiful & kosher mezuzahs, generously subsidized by [MyZuzah](#). Just in time for the new students arriving and the month of Elul.

Message Rabbi [Mendy Singer](#) to reserve your Mezuzah and to schedule an installation visit bringing the blessings and protection home.
