

MyZuzah Moments - September 22, 2023

Despite its reputation as a sleepy month before the holidays and fall kick us back into gear, our mezuzot traveled **66,914** miles across the U.S. in August, landing in, **28** states and territories. Thanks to **MyZuzah Connect**, our in-house database, we refined our mezuzah census and noticed that we have helped put up mezuzahs in **1,113 cities** across the globe!

Partner Updates:

In **Munich, Germany**, this week, the [Conference of European Rabbis inaugurated their new headquarters building](#) with the installation of a beautiful mezuzah at the entrance, complete with one of our MyZuzah klafim inside the large Hazorfim case. The CER purchased MyZuzah mezuzot to ensure their whole office would be well-appointed.

Within the **Kulanu** network, Shoshanna Nambi, a partner in Uganda, celebrated one year since the release of her book [The Very Best Sukkah - A story from Uganda](#), which details some of her childhood memories about celebrating sukkot in her Abayadaya community. Also in Uganda, Sarah Swodia Nakintu, one of the leaders of their many communities, shared a video message that you can [see here](#)!

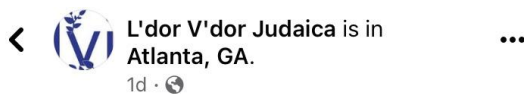

Further south, in **Cameroon**, Mathieu Serge Nsoa shared a bit of his community's preparation for Rosh Hashana, which included placing new mezuzot on some homes!

Rabbi Dovid Asher from **Richmond, VA's Keneseth Beth Israel**, shared this picture of one of his congregants placing a mezuzah on his home:

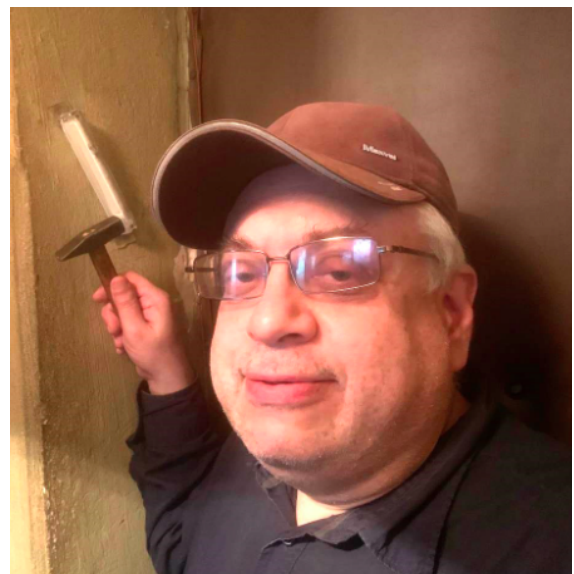

Further south (again!), a new partner serving the greater **Atlanta area** excitedly posted on Facebook about their receipt of our mezuzot:

We are so excited to share that we are working with [@myzuzahorg](#) to be able to get everyone a mezuzah here in the Greater Atlanta Region! The shipment just arrived and we can't wait to be able to get them in the hands of those in need of a mezuzah (case, scroll - it's all included!). Thank you for working with us [@myzuzahorg](#)

Looking to the east, the first mezuzot from our pilot partnership with **Olami** were placed in **Gomel, Belarus** with Shmaya Nechanevich:

Individual Stories:

Todah Rabbah! We are profoundly grateful for your generous mezuzah. We are a retired couple living in Maine on a modest income and could not easily afford to buy a kosher mezuzah. Deep Gratitude for your amazing support! Shanah Tovah! Natan Lawn, Searsport, ME

Alicia Simpson, **Halethorpe, MD**

My house finally truly feels like a proper Jewish home, and for that I am incredibly grateful. Jamie Christensen, **Niedersachsen, Germany**
