

MyZuzah Moments - September 6, 2024

Beyond pictures, sometimes our mezuzah recipients jump on the opportunity to pay the mitzvah forward— here is a note and contribution we received this week from Ann McNitt, in **Michigan**:

Booz Allen Hamilton, a 35,000-person management consulting and technology solutions firm inaugurated their **Jewish Employee Community** this week with a gathering that featured a visit from MyZuzah:

Partner Updates:

Many new partners have mezuzahs en route this week, including fifty to the **Zucker Jewish Academy of Las Vegas**, sixty to **NCSY in Santiago, Chile**, and an audacious 500 to **Chabad of Buenos Aires**. We are thrilled to grow our footprint in Argentina, and begin to reach new communities elsewhere!

Rabbi Boaz Vituk, of the Colorado Springs Jewish Community, shared these pictures of mezuzahs on the doors of these Colorado families, of all ages:

In Brooklyn, NY, the Jewish community of TechTribe focuses on young Jewish professionals working in the high-tech/start-up space:

Recipient Pictures and Stories:

I am recently divorced and originally from Atlanta but now living in Alabama. My ex-wife was not Jewish, and I always felt that something was missing from my life, so putting a mezuzah up and reengaging with my Jewish identity is something I am really enjoying and finding great meaning in. This is such a wonderful experience and a pleasure to meet you. 😊 Christopher Hale, **Gardendale, AL**

Cassandra
Clark,
Oswego, NY

Vera
Plotkin,
**Penfield,
NY**

*I shared with my cantor that I wanted my first mezuzah, and she told me about your organization! Just installed it, and I'm very excited and I'm a proud Jew. Thomas Fransen, **Chicago, IL***
